

The Iron & Steel Technology Conference and Exposition
 David L. Lawrence Convention Center, Pittsburgh, Pa., May 5-8, 2008

Professor Registration Reimbursement Form

Bring your students to AISTech 2008! This is a great opportunity for your students to explore what today's steel industry has to offer. It is also a great opportunity for professors to see the new industry technology and possibly find a new and interesting topic to teach.

AIST invites all engineering department professors to attend AISTech 2008. In an effort to encourage as many undergraduate students as possible to attend, we offer **conference registration reimbursement (up to \$555) to each professor who brings 5 or more undergraduate engineering students** from their university to the conference. Offer is available on a first-come, first-served basis.

To take advantage of this offer, please complete this form and return it by April 11, 2008.

PROFESSOR INFORMATION:

Name: _____
 Title: _____
 Department: _____
 Name of University: _____
 Address: _____ Phone: _____
 _____ E-mail: _____

The reimbursement check will be mailed to the address above following the conference.

STUDENT INFORMATION:

Students listed on the form must be registered for the conference and can be listed on only one form. For information about student events at the conference, visit http://www.aist.org/08_aistech/students.htm. Travel grants are available for students as well as additional travel expense assistance.
