

# Navigating the AISTech show has never been easier, with help from the all-new AISTech smartphone app.

Have a question about AISTech? Need to find an Indianapolis restaurant for a client dinner? Want to stay in touch with the latest industry news while you're at the show? AIST's brand-new AISTech smartphone app has the answers to all these questions and many more — just scan the QR code below with your smartphone. With constant updates of the latest information, the AISTech smartphone app will keep you connected to Steel's Premier Technology Event.

Take AISTech with you, wherever you go, on your smartphone.

iPhone, BlackBerry, Android and Windows phone compatible.

To add the app, simply scan the QR code with your QR reader.

You can also visit:
