

STEEL'S PREMIER TECHNOLOGY EVENT

AISTech2015

The Iron & Steel Technology Conference and Exposition

& ICSTI 7th International Congress on the Science and Technology of Ironmaking

4-6 May 2015 • Cleveland Convention Center
Cleveland, Ohio, USA

EXHIBIT PROSPECTUS

4-6 May 2015 • Cleveland Convention Center
Cleveland, Ohio, USA

More than 8,000
people are expected
to attend AISTech
2015.

Exhibit

AISTech is the steel industry's biggest annual trade show and exposition. Your exhibit will generate sales leads and company awareness as no other marketing tool can.

Don't miss this chance to demonstrate your products and services to the world's top steel producers, suppliers, consultants and academics.

Advertise

Make the most of your time and investment — generate more attention for your exhibit through advertising with AIST. Print, online and special offers give you a chance to do more with your money, including an Exclusive Belly Band for the May Show Guide and Program of *Iron & Steel Technology*.

Save up to 50%! Contact the AIST Sales team about special rates for the March, April and May issues.

Sponsor

Put your business in front of the right people. Sponsorships are effective and cost-effective ways to extend your company's reach to all conference attendees at Steel's Premier Technology Event. Opportunities include Receptions, Coffee Breaks, Lunches, President's Award Breakfast, Aisle Signs, Internet Cafés, On-Site Program, Smartphone App, Giveaway Features, Baggage Check and Transportation Shuttle, or take advantage of being a Global Event Sponsor. Visit AISTech.org for a full list of sponsorship opportunities.

Your customers
will be there. Your
competitors will be
there. Will you?

Be Seen

With more than 40 countries represented annually, AISTech provides a global perspective on the technology and engineering expertise necessary to power a sustainable steel industry. Expand your customer base and international networks.

Get Noticed

AISTech attendees are the people you want to reach: key individuals who specify, purchase, design and operate a variety of iron and steel plants and facilities. One out of two AISTech attendees has buying influence for the industry's products and services.
