AIST Member Chapters

The Member Chapters of AIST schedule regular events for local metals industry professionals to foster strong business contacts and the steel fraternity. These events may include dinner presentations, training sessions, product fairs, student activities, tours of local steel-related facilities, holiday dinner dances and golf outings. For more information visit www.aist.org/chapters/chaptershp.htm.

Select only one primary or "home" chapter (P) and if desired up to two secondary chapters (S) from which to receive chapter programming and correspondence:

AIST Technology Divisions and Technology Committees

The Technology Committees of AIST are volunteer-based committees dedicated to advancing the technical development, production, processing and application of iron and steel. Individual Technology Committees meet 3–4 times per year and typically include plant tours, roundtable discussions, technical presentations, and the development of technical sessions for AIST conferences and symposia. To participate in the Technology Committees, one must be a member of AIST and attend at least one committee meeting per year.

Please circle committee(s) of interest.
