For additional AIST scholarship opportunities or more information, please visit www.aist.org or call (724) 776-6040, ext. 1.

The AIST Foundation seeks to attract young technology-oriented professionals to the industry by promoting the high-tech, diverse and well-paying nature of careers in modern steelmaking. Scholarships are awarded on an annual basis to talented and dedicated students to encourage the pursuit of a career within iron and steel-related industries. Approximately \$300,000 will be awarded in 2006 through the AIST Foundation and its affiliated groups. The AIST Foundation is a Pennsylvania-based, 501(c)(3) nonprofit corporation that is part of AIST, an international professional and technical association of more than 11,600 professional and student members. As the industry evolves, the AIST Foundation will strive to develop new and innovative programs to support the future of the iron and steel technology. For more information about AIST, visit www.aist.org.
