Permanent Address:

16F-1, No. 33, Sec. 2 Huizhong Road
Taichung, Taiwan 40756
(217) 778 1102

OBJECTIVES

To obtain a summer 2011 internship at an engineering company, preferably at a semi-conductor or polymer related company that utilizes Materials Science skills and experiences. Work status in the US is a Canadian citizen on a F-1 student visa.

EDUCATION

Morrison Academy

High School Diploma

August 2005 – May 2009

GPA: 3.81/4.0

University of Illinois - Urbana-Champaign

Bachelor of Materials Science and Engineering

August 23, 2009 – Present

GPA: 2.40/4.0

WORK EXPERIENCE

Bangkok Bank

Intern

June 8, 2008 – June 27, 2008

Taichung, Taiwan

- Worked a week in each department of the bank: Bills and Credit Administration Department (CAD), Customer Service Department and the Marketing Department
- Participated in the Board of Investment event, which included door-knocking and visiting customers to encourage investment in Thailand.

National Education Radio

Radio Show host/Intern

July 6, 2009 – August 3, 2009

Chang-hua, Taiwan

- Created and hosted a 10-20 minute pre-recorded radio show that aired twice a week. The show topics varied and were recorded in both Mandarin and English.
- Learned to use the different machines/software and techniques of editing a pre-recorded audio clip.

RELEVANT ACTIVITIES

Humanitarian trip

Boracay/Manila/Mindinao, Philippines

April 1, 2009 – April 11, 2009

March 16, 2008 – March 29, 2008

- Involved in building orphanages, churches, camps, and homes.
- Visited feeding sites and created outreach programs for the communities in the cities visited (Manila, Boracay, Mindinao)

Material Advantage

Member

August 2009 - Present

University of Illinois - Urbana-Champaign

Alpha Phi Omega (Alpha Alpha Chapter)

Active Member

January 2010 - Present

- A co-ed fraternity organized to provide community service, leadership development, and social opportunities for college students.

Engineers Without Borders

Member

August 2010 - Present

- Part of the Guatemala Water project that developed bio-sand filters to provide clean water to the people of Socorro, Guatemala. Also part of the on-going research in providing safer cooking alternatives for the village.

SKILLS

Language

- English (Native), Mandarin (Fluent Conversational, basic reading and writing)

Computer

- Basic Matlab, Linux/Unix, C Programming Language
