FOR IMMEDIATE RELEASE

U. S. STEEL PRESIDENT AND CEO TO ADDRESS ATTENDEES AT IRON & STEEL TECHNOLOGY CONFERENCE AND EXPOSITION

PITTSBURGH, 28 March 2019 — David B. Burritt, president and chief executive officer, United States Steel Corporation, will highlight the technological advancements that are transforming the steel industry on 7 May in Pittsburgh, Pa., during North America's pre-eminent steel industry conference and exposition — [AISTech 2019](#).

Burritt is set to deliver the keynote speech during the [President's Award Breakfast](#), one of the annual gathering's signature events. His speech is titled "Steelmaking for the Next Generation."

U. S. Steel is working to position itself as a key supplier of advanced steels to a 21st century society. To that end, it is undertaking an extensive US\$2 billion effort to modernize its U.S. flat rolled mills and meet the increasing demands of customers. The effort is focused on improving safety, quality, delivery and cost.

In addition to the keynote address, attendees of the President's Breakfast also will have the opportunity to hear from AIST president and U. S. Steel vice president — asset revitalization and manufacturing excellence James Dudek, who will be presenting several prestigious association awards, including AIST's Steelmaker of the Year.

Set for 6–9 May 2019, AISTech is expected to bring more than 8,000 steel industry representatives from around the world to Pittsburgh this year. Leading engineers and researchers will be making more than 500 technical presentations, and the top steel technology companies will be demonstrating the latest in steelmaking machinery and process know-how.

Advance tickets for the President's Award Breakfast are US\$45 per person, or US\$400 for reserved tables of 10. For more information on the President's Award Breakfast, call +1.724.814.3000, ext. 1 or visit [AISTech.org](#).

About David B. Burritt: Burritt was appointed president and chief executive officer of United States Steel Corporation in May 2017 and was named to the company's board of directors. Prior to that, he was elected president and chief operating officer in February 2017 with executive responsibility for all aspects of the company's day-to-day business in the United States and Central Europe.

Burritt joined U. S. Steel in September 2013 to serve as executive vice president and chief financial officer with responsibility for all aspects of the company's strategic and financial matters. In January 2015, he added executive leadership of U. S. Steel's North American flat rolled commercial entities and corporate support services.

He holds a bachelor's degree in accounting from Bradley University in Peoria, Ill., USA, and received an M.B.A. from the University of Illinois in Champaign in 1990.

Burritt serves on the board of directors for Lockheed Martin, and also is a member of The Business Council, the National Safety Council, the American Iron & Steel Institute, and the Allegheny Conference on Community Development.

Association for Iron & Steel Technology
