Pittsburgh, Pa., USA

Discover Steel's Premier Technology Event

AISTech 2019 is a can't-miss event for anyone involved at any level of today's steel marketplace, providing perspective on the technology and engineering expertise necessary to power a sustainable steel industry. Whether you attend, present or exhibit, take advantage of this opportunity to network with 8,000 of your closest steel industry friends.

Pittsburgh. Mighty. Beautiful.

Steel is an integral part of Pittsburgh's history, and its future. The Steel City's central location to industry producers and suppliers consistently generates the largest AISTech crowds. We invite you to come and find out why Pittsburgh has been named one of the best places in the world to visit, over and over again.

Make an Investment in Your Career

Registration and housing for AISTech 2019 open 3 December 2018. Register by 31 January 2019 and save US\$100* on full conference registration. Reserve your hotel room and secure your spot on a plant tour by registering early.

**One discount per registrant allowed.*

Drive Home in Style

All registered attendees have the opportunity to win a brand-new Chevy™ Silverado truck. In addition, featured contest areas throughout the Iron & Steel Exposition's two floors offer multiple chances for prizes of all sizes.

Expand Your Knowledge at Our Technology Conference

With 550 technical presentations, AISTech 2019 is the place to learn about cutting-edge steel-related technologies that will help you compete more effectively in today's global market. New this year is a Digital Transformation session with papers focusing on augmented reality, digital twin and smart factories.

Bigger and Better With TWO Exhibit Halls

The Iron & Steel Exposition will span TWO levels this year with more than 500 exhibiting companies. The expansive exhibition allows you to meet face to face with key individuals involved in the production and processing of iron and steel.
