### **Shandong Laigang Yongfeng Iron & Steel Co., Ltd. chooses KOCKS technology for the brand new bar mill line**

Shandong Laigang Yongfeng Iron & Steel Co., Ltd. (Yongfeng) awarded Friedrich KOCKS GmbH & Co KG, Hilden, Germany, for the supply of a RSB® 370++/4 in 5.0 design, in conjunction with the KOCKS Size Control System SCS® and the 4D EAGLE® profile measuring gauge.

The privately owned Yongfeng Steel Co. Ltd., founded in 2002, is a subsidiary of Yongfeng Group Co. Ltd. and one of the major steel producers in Shandong Province

Currently, Yongfeng produces about 5 million tons of steel per year with about 6,500 employees.

The brand new bar mill line with an overall capacity of 1 Mio.t/a will be equipped with 22 stands in H/V arrangement and a KOCKS RSB® 370++/4 and is designed to produce high quality products and marks Yongfeng's entry into the SBQ-market.

The RSB® 370++/4, supported fully automated on a closed-loop basis with the measuring gauge 4D EAGLE® and the Size Control system SCS®, will produce straight bars in a range between Ø 13 to 90mm.

The commissioning is scheduled for the second half of 2020.

KOCKS rolled® products stand for an extraordinary quality – made to consistently high standards by commissioning.
