LUNCH <Noon>

8. Discussion items <1:00 p.m.>

Several Researchers from Lawrence Berkeley National Laboratory will be joining us for 10-15 min for each topic followed by 30 min of discussion
Presentation topics include: • H2 combustion, • H2 generation and storage, • Overview of Friday's combustion lab tour, • Water risk for manufacturing, • Tech assistance through labs, specifically Better Plants and 50001 Ready

BREAK <2:00 p.m.>

9. Next meeting, AISTech-Cleveland on Wednesday 06-May
10. Chair conclusion
11. Adjourn <4:00 p.m.>

Friday, February 28, 2020

1. Tour and opening remarks, Prakash Rao, Ph.D., LBNL <9:00 a.m.>

3. Advanced Light Source (ALS is a specialized particle accelerator that generates bright beams of x-ray light for scientific research)
4. Flex Lab Tour (tentatively scheduled: this lab helps identify implementable measures at office and factory building to make them energy self-sufficient. A look at an electric car reversible charger system may also be possible)
5. Adjourn <Noon>
Antitrust Compliance

Antitrust law prohibits agreements or understandings between two or more individuals or businesses to regulate prices or quantities of goods and services, to allocate customers or territories, to hinder or limit a competitor or potential competitor's operations, or otherwise unreasonably restrain business activity. Discriminatory pricing or servicing is also prohibited.

Every individual who participates in AIST meetings and activities should follow these guidelines:

- DON'T discuss with other members your own or competitors' prices, pricing procedures, or anything that might affect prices such as costs, discounts, terms of sale, or profit margins, or anticipated wage rates.
- DON'T make announcements or statements about your own prices or those of competitors.
- DON'T talk about what individual companies plan to do in particular markets or with particular customers.
- DON'T disclose to others any competitively sensitive information.
- DON'T propose or agree to any action intended to disadvantage or injure another company.
- DON'T stay at a meeting or activity where any such anti-competitive talk occurs.
- DO have an AIST staff person present at any meetings and insist on the agenda being followed and minutes kept.
- DO confer with AIST staff before making any statement with competitive ramifications.

It is incumbent upon all AIST members to adhere to these guidelines to avoid putting all parties and their respective companies at risk for antitrust law violation.

Anti-Harassment Policy

The Association for Iron and Steel Technology (AIST) is dedicated to providing harassment-free events for everyone, regardless of age, race, religion, disability, gender, gender identity or sexual orientation. We do not tolerate harassment in any form of anyone attending an AIST event.

Harassing behaviors include: offensive verbal comments related to age, race, religion, disability, gender, gender identity or sexual orientation; the use or display of sexual images, activities or commentary in public spaces; deliberate intimidation; stalking or following; harassing photography or recording; sustained disruption of events; or inappropriate physical contact.

Participants asked to stop any harassing behavior are expected to comply immediately. Participants violating this policy may be sanctioned or expelled from the event or the membership at the discretion of the AIST leadership.
