3. *Antitrust guidelines*
4. *Membership and attendance - members (246 members 3 March 2021)*
5. *Review minutes of previous meeting - Virtual Spring Meeting, 3 March 2021*
6. *AIST Staff Announcements*
7. *Main agenda items*

- **Present Technology Committee awards**

All Metallurgy Awards will be presented at the MS&T21 Conference.

- **2020 Metallurgy Awards:**

- *Adolf Martens Memorial Steel Lecturer, Dr. Nina Fonstein "Effects of Retained Austenite Stability and Microstructure Refinement on Properties of Advanced High-Strength Sheet Steels"*
- *Jerry Silver Award - Effect of Liquid Metal Embrittlement on Mechanical Behavior of Advanced High Strength Steel Spot Welds at Ambient and Low Temperatures
Authors: Kayla M. Molnar, Matthew L.S. Zappulla, John G. Speer, Kip O. Findley
Colorado School of Mines*
- *Gilbert R. Speich Award - Study on the Effect of Alloying Element for Microstructure Control With Excellent Fire Resistance and Anti-Earthquake Performance
Authors: J. H. Chung, T. H. Kim, J. O. Moon, H. W. Hong, Y. D. Park, and C. H. Lee*
- *Richard J. Fruehan Award - An Automated Quantitative Assessment of Slab Centerline Segregation using Image Analysis
Authors: John Caleb Somasundaram, Siddhartha Biswas, Denis Hennessy and Amar K De Big River Steel.*

- **2021 Metallurgy Awards:**

- *Adolf Martens Memorial Steel Lecturer*
- *Jerry Silver Award*
- *Gilbert R. Speich Award*
- *Richard J. Fruehan Award*

- **Review Mission Statement**

MISSION: To advance the knowledge of ferrous metallurgy and support the global ferrous metallurgy community by providing forums for the exchange of information and ideas.

Antitrust Compliance

Antitrust law prohibits agreements or understandings between two or more individuals or businesses to regulate prices or quantities of goods and services, to allocate customers or territories, to hinder or limit a competitor or potential competitor's operations, or otherwise unreasonably restrain business activity. Discriminatory pricing or servicing is also prohibited.

Every individual who participates in AIST meetings and activities should follow these guidelines:

- DON'T discuss with other members your own or competitors' prices, pricing procedures, or anything that might affect prices such as costs, discounts, terms of sale, or profit margins, or anticipated wage rates.
- DON'T make announcements or statements about your own prices or those of competitors.
- DON'T talk about what individual companies plan to do in particular markets or with particular customers.
- DON'T disclose to others any competitively sensitive information.
- DON'T propose or agree to any action intended to disadvantage or injure another company.
- DON'T stay at a meeting or activity where any such anti-competitive talk occurs.
- DO have an AIST staff person present at any meetings and insist on the agenda being followed and minutes kept.
- DO confer with AIST staff before making any statement with competitive ramifications.

It is incumbent upon all AIST members to adhere to these guidelines to avoid putting all parties and their respective companies at risk for antitrust law violation.

Anti-Harassment Policy

The Association for Iron and Steel Technology (AIST) is dedicated to providing harassment-free events for everyone, regardless of age, race, religion, disability, gender, gender identity or sexual orientation. We do not tolerate harassment in any form of anyone attending an AIST event.

Harassing behaviors include: offensive verbal comments related to age, race, religion, disability, gender, gender identity or sexual orientation; the use or display of sexual images, activities or commentary in public spaces; deliberate intimidation; stalking or following; harassing photography or recording; sustained disruption of events; or inappropriate physical contact.

Participants asked to stop any harassing behavior are expected to comply immediately. Participants violating this policy may be sanctioned or expelled from the event or the membership at the discretion of the AIST leadership.
